

THE 5/20 PROJECT

For God so Loved He Gave...

Kingdom Principles 100-SO

The 5/20 Project — Summary Overview

The 5/20 Project is a Holy Spirit led compassion movement that activates everyday believers to demonstrate the love of Jesus through simple, personal acts of generosity. At its heart is a powerful spiritual exchange.

Participants give a \$20 bill, the currency of the world, and release it as an impartation of God's love, which is the true currency of His Kingdom.

Each gift is paired with a life-giving message:

“Jesus sees you. Jesus loves you.”

This is not charity as an institution.
This is a Kingdom lifestyle.

Believers live with expectancy often carrying a \$20 bill ready, knowing there is a precious soul already on God's heart, waiting for a Holy Spirit encounter.

The Heart Behind It

The 5/20 Project is built on these core truths:

- Holy Spirit dwells in believers
- Every believer can be led daily by Holy Spirit
- Small acts of obedience can release deep encounters with God's love
- Compassion is not just emotion, it is faith in motion

The \$20 Exchange — Currency Transformed

\$20 is more than a bill.

It represents a Kingdom transaction.

What begins as the world's currency becomes, through obedience, the currency of God's Kingdom... His love.

Carrying the \$20 bill becomes an act of faith, a sign of readiness to partner with what Holy Spirit is already preparing in someone's life.
In that moment:

- Money becomes a message
- A transaction becomes an impartation
- A small gift becomes a demonstration of divine attention

The recipient does not just receive help, they receive a moment of being seen, valued, and remembered by God through the prepared giver who is waiting on Holy Spirit's direction.

Why \$20?

(Hebrew Kaf : Symbolizes a “covering”, “veil or spiritual blindness, unable to see the whole picture)

The amount is intentional, a key:

- Accessible — almost anyone can participate
- Personal — it stays relational, not institutional
- Repeatable — it can become a lifestyle
- Seed-like — the power is in obedience, not the amount

It's not about funding needs.

It's about releasing love through obedience to Holy Spirit.

What Makes This Different

The 5/20 Project is not something people give to.
It's something believers' step into.

There are:

- No complex systems
- No pressure tactics
- No spiritual performance

Instead, believers learn to:

- Hear Holy Spirit
- Stay ready in faith and expectancy
- Respond in simple obedience
- See people the way Jesus sees them
- Carry the presence of God into everyday spaces

Grocery stores become ministry.

Gas stations become altars.

Sidewalks become sacred ground.

A \$20 bill in a pocket becomes a seed waiting for the moment Holy Spirit says, “Now.”

Biblical Foundation

The teaching framework connects generosity to Kingdom revelation, not obligation.
Treasure in the Field — Matthew 13:44

When someone discovers the Kingdom, joyful surrender follows. The 5/20 Project flows from joy, not guilt.

Seed vs. Money

What leaves your hand as money enters someone's life as hope, dignity, and evidence that God has not forgotten them.

Faith Comes by Hearing — Romans 10:17

Each gift carries a spoken or written message, because faith is awakened through hearing truth.

Holy Spirit Dwells

Believers do not need to "create an atmosphere" for God to move. Holy Spirit leads to ordinary places, turning everyday life into Kingdom activity.

How It Works Practically

1. A believer prays:
"Holy Spirit, who can I show Your love to today?"
2. They stay attentive and ready — often already carrying a \$20 bill — trusting that God has prepared a divine appointment.
3. A person is highlighted to them.
4. The believer gives \$20 and shares a simple message such as:
"I felt led to give this to you. Jesus sees you and loves you."
5. In that moment, an exchange happens:
 - World's currency → Kingdom love
 - A bill → A blessing
 - Readiness → Obedience
 - A meeting → A divine appointment

The Bigger Vision

The 5/20 Project is about activation, not accumulation.
It equips believers through:

- Teachings
- Devotionals
- Small group resources
- Church partnerships
- Social encouragement
- Testimonies of real encounters

The goal is a culture shift

From spectators to participants

From church-only faith to daily Kingdom living

From emotional experiences to obedient lifestyle

From money as provision to love as provision

From random moments to prepared, Spirit-led encounters

In One Sentence

The 5/20 Project is a Holy Spirit-led movement where believers stay ready, carrying the world's currency in their pocket to release the currency of God's Kingdom — His love — through simple acts of Spirit-led generosity and an invitation that reveals the heart of Jesus.
